SUBJECT: Notice of Specification/Examination Revision for the Assistant Director of
Alumni Relations Classification

DATE: June 25, 2012

Consistent with our transition to electronic testing options, the State Universities Civil Service System (System Office) is proposing a revision to the classification plan for the Assistant Director of Alumni Relations classification. In this instance, our primary objective is to simply convert the current examination to a Credentials Assessment model, which can be easily delivered in an electronic format. This conversion should prove to be more efficient and effective in addressing the applicant recruitment and employment components in this occupational area.

This proposal is to notify you of our planned conversion from the current Knowledge Test and Supplemental Information Test. We do not plan to substantively revise the classification specification for this examination, but we will be minimally changing the specification format to coincide with our standardized model. Confidential examination materials will be distributed later to meeting participants.
